### **Student Contests**

Contests and competitions for the students may be considered for approval by the Administration. The following criteria are to be considered in determining whether or not approval may be given:

1. The contest is educationally sound and worthy.
2. The contest is stimulating to the student and school and desirable for both.
3. The contest must not place an undue burden on the students, families, teachers, and the school.
4. Listed by State and national principal groups as an activity.
