

Students

Weapons and Dangerous Instruments

Students shall not possess firearms, facsimiles of firearms, weapons, or dangerous instruments of any kind on school grounds or buildings, not on school buses, nor on any school-related or school-sponsored activity away from school facilities. Such weapons include but are not limited to any pistol, revolver, rifle, shotgun, air gun or spring gun; slingshot; bludgeon; brass knuckles or artificial knuckles of any kind; knives; martial arts weapon; destructive device; or any firearms weapons and dangerous instruments defined by law.

Possession of or bringing such weapons or devices on school grounds or other areas under the control of the Board of Education may also be a violation of criminal law, and therefore any violation of this policy shall be reported immediately to the local law enforcement agency, the Board of Education, and, if possible, the parent or guardian. Students who violate this policy shall be subject to appropriate disciplinary action as well as possible court action. A student's conduct off school grounds that is seriously disruptive of the educational process or violative of the Board's publicized policies may also be grounds for expulsion. A student found to be in possession of a firearm or dangerous weapon, as defined by law, shall be subject to an expulsion of one calendar year. The expulsion period may be modified on a case by case basis.

Any dangerous device or weapon may be seized by an employee of the school system under the power granted to the Board of Education to maintain order and discipline in the schools, and to protect the safety of students, staff and the public.

Every employee seizing any weapon or dangerous instrument under the provisions of this policy shall report the incident to the building principal immediately, and deliver the seized device to the principal, together with the names of persons involved, witnesses, location and circumstances of the seizure.

If an employee knows or has reason to suspect that a student has possession of such a device but the device has not been seized, the employee shall report the matter to the principal immediately, and the principal shall take such action as is appropriate.

The principal shall report all violations of this policy to the Superintendent or designee, and to the local law enforcement agency on approval of the Superintendent or designee. An administrative crisis team shall meet immediately to determine appropriate action. The need for an independent psychiatric or psychological assessment, prior to the student's return to school, shall be determined by this team.
