Dear Parent / Guardian,

Is your child protected by health insurance? If not, your school and the State of Connecticut want to help.

Connecticut’s HUSKY Health program, for example, pays for doctor visits (including physical exams), prescriptions, emergency care, vision and dental care, mental healthcare, special healthcare needs and more. It’s for children under age 19 in families of all incomes. Approximately 300,000 Connecticut children now have their healthcare covered by the HUSKY Health program. **There are two parts to the HUSKY Health program for children:**

I. **HUSKY A** (or Medicaid) - For children in families with limited income. Parents, relative caregivers and pregnant women may also be eligible.

II. **HUSKY B** (or Children’s Health Insurance Program) - For children in families with higher incomes.

**You can apply for HUSKY A or HUSKY B any time of the year.**
