THE EAP PROGRAM

Everyday life can be stressful and can affect your health, well-being and performance. Fortunately, our Employee Assistance Program can aid in finding solutions. When facing personal problems, you might struggle with where to turn for help. The first step is usually the hardest, and guidance is often the key. That’s why National Insurance Services (NIS) offers an Employee Assistance Program (EAP). An EAP offers a confidential place to find the answers that work for you.

YOUR EAP SERVICE PROVIDER

Bensinger, DuPont & Associates (BDA) is a leader in the field of Employee Assistance and has been providing employee assistance services for over 20 years. BDA has the experience to provide the broad range of services and guidance that is paramount to an EAP — whether it’s help with day-to-day concerns or guidance through a challenging crisis. The information you discuss through the EAP is kept confidential in accordance with federal and state laws.

THE EAP PROCESS

When you access the EAP, BDA counselors listen and take action toward finding solutions. The next step may include meeting with a mental health counselor for up to three face-to-face visits, negotiating health insurance benefits or referrals to community resources for legal and financial services.

REFERRALS AND RESOURCES

You can receive information and a listing of childcare and eldercare resources with confirmed vacancies meeting your specifications. If face-to-face mental health counseling sessions are required, BDA counselors will refer you for counseling at a location that is convenient to your home or work. BDA counselors can also refer you to self-help groups such as Alcoholics Anonymous or Gamblers Anonymous and community financial and legal resources for debt management.

CLAIMANT ASSIST

NIS’s Claimant Assist program offers special services to Long-Term Disability claimants or Life insurance beneficiaries at no charge. If you have Disability insurance coverage through NIS, our Long-Term Disability Claimant Services are available to guide and counsel claimants and their immediate family members. If you have Life insurance coverage through NIS, our Beneficiary Services Program provides counseling and assistance to beneficiaries when faced with the challenge of coping with loss.
